MILLENNIUM CONTINUES!

We're only halfway through it, but the eight-part crossover weekly series **MILLENNIUM** has already been assured a place in comics history!

Twenty-one titles and four issues of **MILLENNIUM** have assisted in telling the story of the dawning of Earth's new age over the last month ... which means there are still *four more* issues of **MILLENNIUM** and *sixteen* crossover stories to come before the most incredible heroic epic of our time reaches its incredible climax!

You know the story by now ... of how virtually all of Earth's super-heroes have been enlisted by the immortal **Guardians of the Universe** to act as guides and guardians to a group of humans destined to become the most powerful beings in the Universe and the harbingers of mankind's new age! Seeking to destroy the chosen ten are the earlier creations of the Guardians, the intergalactic androids called **Manhunters!**

The story's not over until the last battle has been fought in the war that will decide the path into the coming ... **MILLENNIUM!**

The smashing success of Mike Grell's three-issue Prestige Format mini-series, **GREEN ARROW: THE LONGBOW HUNTERS,** was just the beginning of one of the most exciting new series of the '80s. This month, the adventure continues in the pages of **GREEN ARROW #1,** picking up where THE LONGBOW HUNTERS left off for this New Format series written by Mike Grell, with art by Ed Hannigan and Dick Giordano ... and a cover painted by Grell!

The Seattle police may not be exactly thrilled about having a maverick hero sticking his nose into their business, but you can bet the area's bad guys are even unhappier to have **GREEN ARROW** on the case. We promise you fast-paced action and adventure as only Mike Grell, the creator of WARLORD and JON SABLE, FREELANCE, can bring you!

Teen Titans Spotlight #19

THE FOREVER PEOPLE RETURN!

They were the super-powered flower children of Jack Kirby's classic 1970s **New Genesis** saga: idealists and dreamers, united in a bond of trust and love. But that was many years ago. And with the passage of time has come the harsh intrusion of reality.

Trapped for over a decade on a faraway world, the **Forever People** suddenly find themselves face to face with the dead past and thrust headlong into an uncertain future. Lead by the mysterious Maiai, they return to Earth to confront the very soul of humanity.

Join Mark Moonrider, Vykin the Black, Big Bear, Beautiful Dreamer, and Serafin, for the "biggest chill" of all—a very special six-issue New Format mini-series—as the **Forever People** unravel yesterday's secrets, confront today's dangers, and reach for tomorrow's hopes.

THE FOREVER PEOPLE is written by J.M. De Matteis, with art by Paris Cullins and Karl Kesel.

MEET...THE NEXT GENERATION!

Seventy-eight years have passed since the Federation Starship **ENTERPRISE** plied the spaceways on its mission to seek out new worlds and civilizations.

And now the mission continues in the six-issue mini-series, **STAR TREK: THE NEXT GENERATION** ... all-new stories based on the new TV series!

The silhouette of the famed **ENTERPRISE** and the faces of the crew members manning her have all changed ... but their goal is the same and the adventures are, if possible, even more amazing! You'll meet them all in the extra-length, 38-page first issue of **STAR TREK: THE NEXT GENERATION,** written by Mike Carlin, pencilled by Pablo Marcos, inked by Carlos Garzon, and featuring a painted cover by Bill Sienkiewicz.

STAR TREK: THE NEXT GENERATION.

You're going to have to see it to believe it!

Also News...

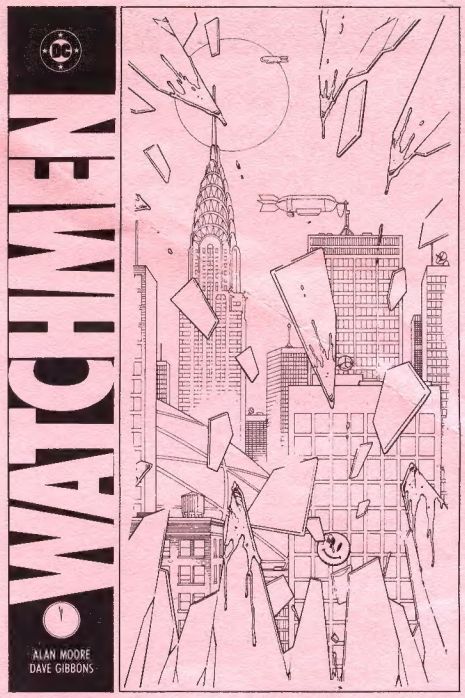
Getting ready to buy a friend a Christmas or Channukah gift (or two?), or just planning to surprise yourself with something special under the tree? We thought you might be, so we've prepared a list of treats suitable for the holiday season.

Heading the list is the stunning **HISTORY OF THE DC UNIVERSE** in a limited edition hardcover, featuring all the material from the two-issue Prestige Format mini-series written by Marv Wolfman and illustrated by George Perez. This special edition also includes 32 pages of all-new material, including a 3-page foldout "jam" with art by more than 50 artists! Each copy of this 128-page volume comes with a silver Cloisonne pin of the series' all-new logo. With a limited printing of 10,000 copies, this one has instant collector's item written all over it!

Also appearing for the first time is **MAN OF STEEL** in a trade paperback edition, representing the six-issue mini-series origin of **SUPERMAN** in a single edition. The entire saga has been recolored to take advantage of the deluxe printing in this edition, and the art by John Byrne and Dick Giordano never looked better! (And you didn't think that was possible!)

And there are a whole host of trade paperback editions still available, featuring some of the most talked-about and controversial series of recent years. Alan Moore and Dave Gibbons' **THE WATCHMEN** includes all 12 issues of that landmark maxi-series in a single, spellbinding 416-page (not to mention weighty) volume! Also from the typewriter of Alan Moore, his first seven issues of **SWAMP THING** are gathered together to form a single tale, with art by Steve Bissette and John Totleben.

Frank Miller's contributions also belong on any



holiday gift list, with reprint volumes of both of his classic works available: the four-issue Prestige Format **DARK KNIGHT** series, inked by Klaus Janson; and his earlier six-issue tale of the future, **RONIN.**

Last, but by no means least, in the collection of trade paperback editions is the deluxe reprint of Howard Chaykin's four-issue Deluxe Format **SHADOW** mini-series, the non-stop action saga that inspired the ongoing **SHADOW** series. Bringing the classic hero of the 1930s into the '80s, Chaykin's **SHADOW** is a man who lives by the gun ... and doesn't mind using it!

And speaking of **The Shadow,** you'll also want to check out the fabulous **SHADOW** Portfolio, high-quality reproductions of Bill Sienkiewicz's covers from the first six issues of **THE SHADOW** ongoing series. Available for the first time without logos and cover copy, these 11" x 17" prints are suitable for framing!

Remember, it's not too early to think about holiday gifts, especially with so much to choose from.
